

# QUALITY TO COUNT ON

 **GreenLeaf**  
Heating & Cooling

WE OFFER  
COMFORT  
RELIABILITY  
GOOD VALUE  
PERFORMANCE

The GreenLeaf Heating & Cooling product line is assembled in facilities that are ISO 9001 and 14001-certified, which is accepted worldwide as the independent standard for quality manufacturing, management processes and environment management practices.

Quality is an integral part of the GreenLeaf Heating & Cooling mission. From initial assembly to final installation, GreenLeaf Heating & Cooling is working diligently to elevate homeowner perceptions of the entire HVAC industry.

**INDEPENDENT. DEPENDABLE. COURTEOUS.  
PROMPT. HONEST. HIGHLY-SKILLED. RESPECTFUL.**

“A neighbor of mine referred me to GreenLeaf because they service her unit regularly. I spoke to Amy at GreenLeaf over the phone and I was surprised and pleased when she let me know that there was an opening that same day. I am very pleased with the service and even signed up for the maintenance program like my neighbor has with them. A warm customer for life!

- Michelle C.

“I would recommend GreenLeaf to anyone (we already did recommend to friends who chose to go with them as well). Easy to work with, very professional, and installation was quick and efficient.

- Shanda O.
